ABOUT ME

Analytical and detail-oriented graduate in Artificial Intelligence and Data Science with strong problem-solving and data interpretation skills. Experienced in analyzing business requirements, preparing dashboards, and generating actionable insights using Power BI,Excel, SQL, and Tableau. Seeking a Business Analyst position to leverage analytical,technical, and communication skills in drivingdata-driven business decisions and process improvements.

INTERNSHIP

SKILL VERTEX| JUNE2023- JULY2023

WEB DEVELOPMENT

* Done Project Titled "MUCY" using HTML,CSS And JavaScript
* it is a Music listening Platform. Clone of spotify.
* Created and optimized MySQL databases for storing business-related data, ensuring efficient data retrieval and storage.

PROJECTS

- **AI- powered Fire Detection and Smart Response System| Anaconda, MYSQL, OpenCV, Python, HTML, Pandas**
- Developed a fire detection system using HAAR Cascade Classifier algorithm and computer vision techniques, enabling real-time fire detection and automated response.
- The system utilizes a camera to capture video streams, processes frames to detect fires, and triggers alerts and fire extinguishers as needed.
- This project demonstrates expertise in machine learning, image processing, and IoT-based automation, providing an efficient and effective solution for fire safety."
- This project overcame traditional systems by providing faster and more accurate fire detection, minimizing false alarm: and enabling automated response through real-time video processing and HAAR Cascade Classifier algorithm.

Power BI Sales Analysis | Power BI, Excel, DAX

- Developed an interactive sales dashboard in Power BI using data from Excel and SQL sources.
- Conducted data cleaning and transformation using Power Query and DAX to generate KPIs such as Total Sales, Profit.
- Visualized sales performance across products, regions, and time periods, enabling stakeholders to identify high-performing categories and underperforming regions.

TECHNICAL SKILLS

- Analytical Tools: Excel, Power BI, Tableau
- Languages: Python, SQL

EDUCATION

B Tech

JCT College of Engineering and Technology

Artificial Intelligence and Data Science | **CGPA - 7.5**

2021 - 2025

Higher Secondary School

Narayana Junior College | **CGPA - 6.5**

2018 - 2021

Secondary School

D.V.D.B.S Chinmaya Vidyalaya | **CGPA - 9.0**

2018

CERTIFICATES

- Python for Data Science – NPTEL
- MERN Stack Development – Udemy
- Badminton Zonal Level Tournament - Sports
